

Innovative Ideas
in space & money savings

DEURO®
High-Density Mobile Storage Systems

World class
high-density mobile stationery storage
systems that saves 50% space or even
doubles the storage capacity

*When quality, economy & reliability matter most, **Deuro** is the only ideal choice*

The ultimate solution provider

Mobile-PRO an innovative storage space provider is the most reliable and trusted product across the length & breadth of Indian sub-continent. Many, most reputed Indian & MNC organizations use them.

An ultra modern manufacturing facility

Mobile-PRO is manufactured by *Deuro* for the last one decade and more, with the-state-of-the-art equipments all housed under one roof for better co-ordination and dependability.

A one-stop innovative & ideal solution providers for the effective use of stationery storage space

Where space storage systems are made with **latest** technology

Mobile-Pro Mechanical

MOBILE PRO MANUAL

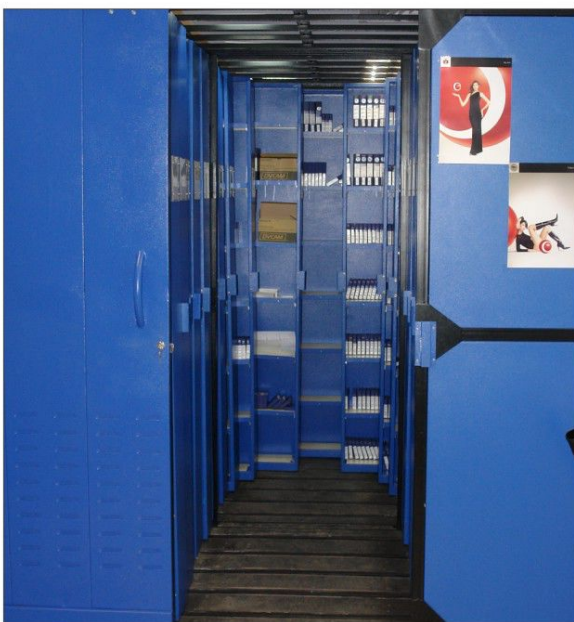

Users open systems aisles by pushing handles left to right. Guidance mechanisms reduce friction and facilitate smooth tracking.

This system is ideally suited for small storage areas and applications eg. Filing, Stationery & medical.

Mobile-Pro Mechanical

Mobile-Pro Pullout

Mobile Pro Pullout:

Pull out cabinet design maximizes the use of your available storage space. May be Installed in room alcoves or set backs.

Cabinets pull out on low profile track giving you instant access with 100% storage space efficiency.

Pull out cabinets save floor space too, by eliminating unnecessary aisles.

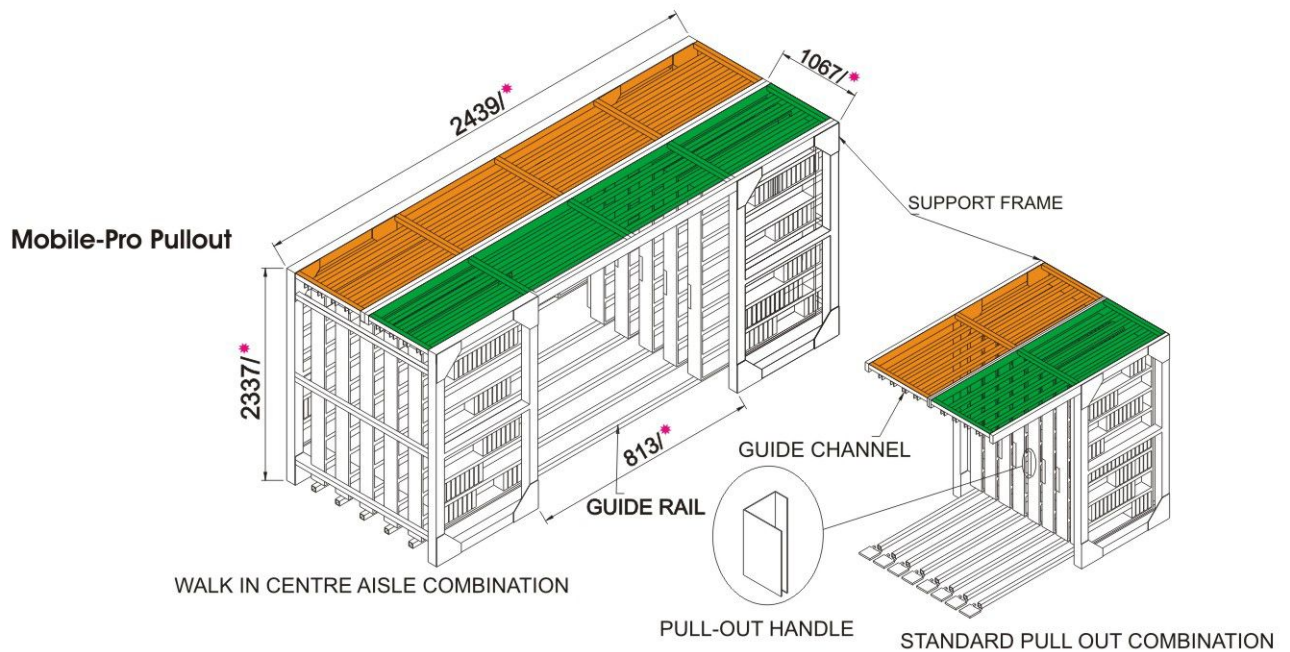

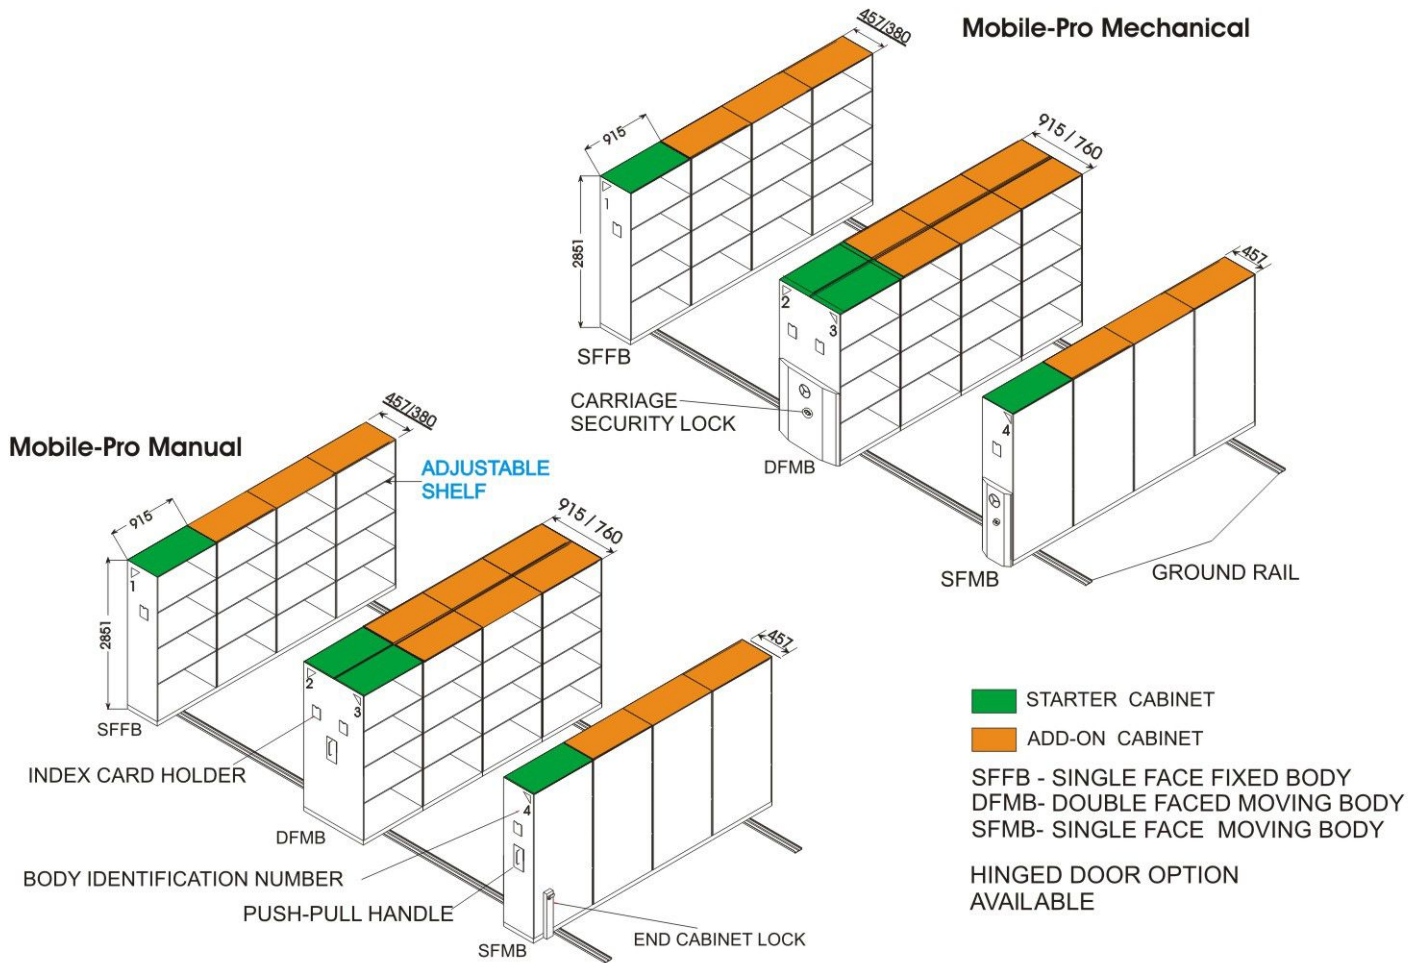

Walk-in center aisles combination in which Cabinets are installed directly opposite each other and use a common track and center aisle.

Units pull out from left to right to provide fast access to stored material Eg. Tape libraries, Filing, Data Storage..

Where **innovative storage ideas** are incorporated in every storage solutions

Deuro team works with meticulous care & commitment

*CUSTOM SIZE AVAILABLE

Truly professional- 100% more reliable

The most reliable & right choice for **quality storage solutions**

Manufacturing storage solutions with **cutting-edge** technology

Where innovative ideas shape into smart technologies

The ideal choice

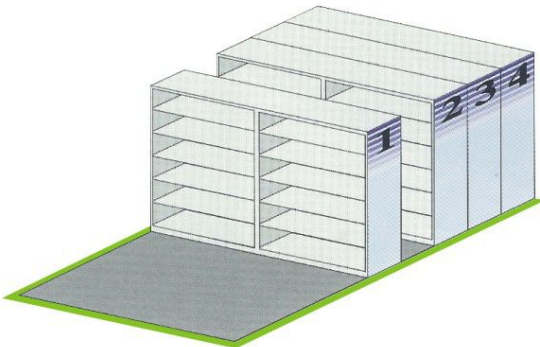

Deuro storage systems save 50% of the Space and Double the Storage capacity in many other systems.

Deuro storage systems save floor space & investments.

2

Hi-Density Layout

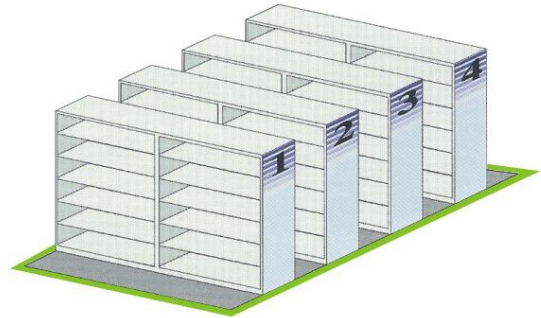

By elimination of non-productive aisles between the fixed ranges, the Hi-Density concept compacts the materials saving 50% of the space for other functions.

1

Conventional Layout

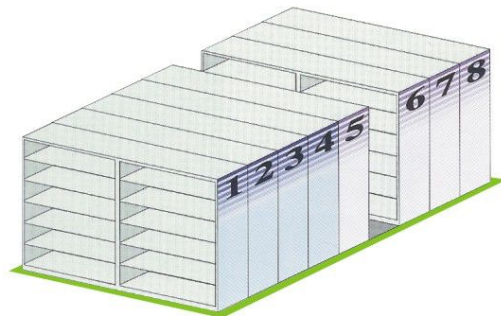

Typical conventional arrangement of stationary storage units with non-productive aisles between units.

3

Hi-Density Plan

A full 100% more storage is available within the original floor space area there by doubling the storage capacity.
